

A MESSAGE FROM HEAD OF SCHOOL

August 4, 2016

Dear Faith Family,

I pray that you are enjoying your kids this summer. We look forward to welcoming them back to FCS very soon!

I want to communicate some very important developments at FCS:

Accounting and Advancement Project Manager Position

Rick Block has provided Faith Christian School with tireless and faithful service over the last two months. Unfortunately, it has become necessary for Rick to resign his position effective sometime in mid-August. Please pray with us as we seek Rick's replacement.

Student Life Director Position

We are excited and thankful to report that God has provided our Student Life Director. **Kevin Swedberg** has accepted the position of SLD.

Kevin has been married to Jeni for nearly 23 years. His son JD graduated from FCS in 2015 and is finishing his second session at YWAM in Scotland. Jessica graduated from FCS in 2016 and is heading to YWAM Louisville in September for Discipleship Training School. Kevin and Jeni's youngest child, Rebekah is entering 7th grade at FCS.

“ If we teach students what to learn, the learning stops when they leave our classroom. If we teach a student to learn from a textbook, the learning stops when they turn in the text. If we teach a student how to learn, the resources available to them are endless. When we teach a student how to learn, the learning never stops.

-Kevin Swedberg

Kevin's credentials include:

Bachelor of Arts in Educational Ministries - Youth Emphasis
(Moody Bible Institute)

Bachelor of Business Administration - Management Computer Systems
(University of Wisconsin Whitewater)

10 years Timber-lee Christian Center - Retreat Group Coordinator

This school year will be Kevin's 11th year full-time at FCS

Please welcome Kevin to this new and exciting role at FCS; also pray with us as we seek to fill his former role as teacher and IT technician.

A Sizable Designated Gift

Faith continues to experience God's gracious blessings! We have recently been blessed with a financial gift for the purpose of making some capital improvements that will have a direct impact on the Faith Christian School family. As you begin to see visible evidence of this generosity, please pause with me to thank the Lord!

While we are abundantly grateful for this gift, there are still some needs that we would love to address before the school year starts. However, the budget does not currently allow us to complete these projects:

- HVAC Repair and Maintenance: in order to get our HVAC system running at its most efficient capacity, we need approximately \$14,000
- Blacktop Repair and Maintenance: In order to repair cracks, properly seal, and restripe our parking lot, we need approximately \$16,000

If you feel led to give toward these projects please contact me or our Advancement Director, Erika Czarnecki. eczarnecki@faithchristianschool.org or 262.245.9404 ext. 7

Respectfully in Christ,

Jim McCormick, M.Ed.

Blessed to be Head of School
